INTRODUCTION

The firm of **ROBERT D. ANDERSON** was established in 1977 as a multi-disciplined Consulting Engineering Firm, to provide MEP Services to the Architectural Community.

ROBERT D. ANDERSON, INC. was established in 1981 from its parent company ROBERT D. ANDERSON, sole proprietor.

ROBERT D. ANDERSON, INC. is innovative, highly technical, and dedicated to providing the finest Engineering services available.

PHILOSOPHY

The success of any business is dependent upon building long term client relationships. This can only be achieved through consistent performance. A firms overall performance is determined thru proper application of its resources, and by maintaining open lines of communications with its clients.

ROBERT D. ANDERSON, INC., takes pride in our performance, completing each project within budget, on time, and to the satisfaction of our clients.

VALUE ENGINEERING

ROBERT D. ANDERSON, INC. has the capability to solve a wide variety of engineering problems. Our engineers rely on sound engineering judgment, based upon many years of experience, working hand-in-hand with the latest technology.

Each project is carefully analyzed to define each of its requirements and to establish their priorities. The scope of services is then carefully tailored to the client's requirements and budget. Time and resources are allocated to insure execution of the work is completed on schedule.
